### Hard Lieber Rotary Speaker

Director of State Conserva-  
tion Department Is  
Guest Speaker

Hard Lieber, director of the De-  
partment of Conservation, was the  
guest at the weekly luncheon of  
the GreenCastle Rotary club, Wednes-  
day afternoon. Since its organiza-  
tion 15 years ago.

Additional members were taken  
at the luncheon. They were  
G. H. Barnaby, Jr., and Leon  
C. Mr. Barnaby is a son of C.  
Barnaby, and his membership in  
the club is the first father and son  
membership.

They were welcomed in  
club by A. G. Brown.  
Lieber told of  
the history of Indiana's natural re-  
sources during the past 100 years,  
why the state is now worse off  
than it was first settled. The natu-  
ral resources are gradually being taken  
care of and it is his duty to replace  
them.

They are doing this in the  
parks and at the same time are  
teaching and to spend their money.  
The department is more than self-  
sustaining. He showed how Turkey Run  
park cost \$26,000 alone last year.  
He urged people to ride to the state  
parks over the fine state highways  
to know Indiana, because the  
more one knows Indiana, the more  
they will be enjoyed and the more  
they will be worth to everyone who vis-  
its the interesting points in the state.

The address was punctuated with  
interesting stories by Mr. Lieber, and  
was one of the most interest-  
ing talks the club has heard in  
many months.

ville, Greenfield, and Indianapolis.

Col. J. J. Phelan, engineer for the  
veteran's bureau, who remained in  
Indianapolis, said that the subcom-

ings enroute to Washington. The

the commission, which will act on it  
and refer it to President Hoover for

### ABSOLVED OF BLAME

WENOKA, Okla., Apr. 30 (UP)—  
Two children, one 10, the other 8 years  
old, practically were absolved from  
blame today in the fatal burning of  
their 3-year old playmate at Crom-  
well yesterday.

County officials, puzzled over what  
course to pursue if they prosecuted  
the children, announced investigation  
indicated the death of Kenneth Ray  
Yadon was the result of an accident  
and not a deliberate act of his two  
older companions.

### GANGSTERS KILL

NEW YORK, Apr. 30 (UP)—A  
little black book containing the names  
of persons prominent in Broadway  
night life, gambling and gangster  
circles furnished police the only clue  
to the killing early today of Harry  
Block, 36, part owner of the Silver  
Slipper night club, and former cabaret  
entertainer.

Block, whose career has embraced  
numerous night club ventures, was  
shot down by two gunmen as he stood  
with his wife in the elevator of an  
apartment house, about to go to his  
apartment on the 15th floor. The  
assassins escaped in an automobile  
which contained another man, the  
driver, and a fashionably dressed  
young woman.

### COURT UPHOLDS HUBBY

PARIS, Apr. 30 (UP)—Nelson  
Morris, Chicago millionaire, was  
awarded 50,000 francs (about \$2,000)  
damages today against the director of  
the Palace theater, where Morris' wife  
Jne Aubert appeared in a musical  
comedy, "Good News", against the  
wishes of the Chicagoans.

The court also ordered Miss Aubert  
to quit the theater.  
The court ruled that the wife must  
be obedient to her husband and must  
subordinate her wishes to his, and  
that the director by giving theatrical  
publicity of Miss Aubert was "mak-  
ing martial authority ridiculous."

### NEW SCHOOL HEAD

tion announced today. The position  
carries a salary of \$12,000, an ad-  
vance of \$3,000 over the present salary  
paid in Indianapolis.

day.

child died in convulsions shortly af-  
ter swallowing several.

## FARM RELIEF OPPOSITION IS CHARGED

### U. S. CHAMBER OF COMMERCE PLAYED BY FARM BOARD HEAD.

#### INVADES ENEMY'S CAMP

Chairman Legge Charles C. Of C.  
With Being Unsympathetic To  
Farmers' Plight.

WASHINGTON, Apr. 30 (UP)—  
Chairman Legge of the federal farm  
board invaded the enemy's camp to-  
day and charged members of the  
U. S. Chamber of Commerce with op-  
posing the administration's co-opera-  
tive farm relief program.

The farm board head, himself a  
former giant of the business world,  
spoke before some 3,000 industrial  
leaders gathered in annual meeting  
here. He said they were unsympa-  
thetic with the farmers' plight.

Legge's speech climaxed the battle  
between private grain interests led  
by Julius Barnes, intimate of Presi-  
dent Hoover and chairman of the  
Board of the Chamber, and the Farm  
Board. Early in the controversy, the  
president indicated his wholehearted  
support of the farm board.

Selecting a comparison of vital in-  
terest to his audience, Legge said it  
was fully as important to prevent a  
decline in farm prices as to avoid a  
collapse in security prices in the stock  
market.

In the past, Legge said, the  
chamber has favored the co-operative  
marketing of farm products. But he  
added that the attitude of the cham-  
ber in recent months has offered "con-  
siderable evidence that entirely too  
many of your members were for the  
principle of co-operation only so long  
as it didn't work."

"I am sure most of you will agree  
that you know more about the agri-  
cultural marketing situation and how  
to meet it than I do," he said.

"A considerable percentage of your  
membership has made that quite clear  
and perhaps the best answer I can  
make is the statement that if this is  
true, and you really do know so much  
about it, that situation presents a very  
severe indictment of the organization  
which, having full information of the  
facts, has made so little effort to  
remedy the situation."

"I do not recall in years gone by  
of hearing you business men making  
any such complaint against govern-  
ment aid that was extended to the  
manufacturing industry, to transpor-  
tation and to finance."

### TRACTION RECEIVERSHIP PROCEEDINGS DROPPED

Receivership proceedings in Federal  
court against the Terre Haute, Indian-  
apolis and Eastern Traction Company,  
were dismissed yesterday by Judge  
Robert C. Baltzell.

Charles O. Remler, attorney for the  
Westinghouse Electric and Manufac-  
turing company, the petitioner, had  
filed the original suit.

Through questioning of Robert R.  
Perry, treasurer, and David E. Wat-  
son, president, Judge Baltzell learned  
that the motion to dismiss was filed  
after the Indiana Electric Corporation  
on Insult utility, had lent the traction  
company \$23,755 to pay the Westing-  
house bill on which the suit was based.  
The witnesses declared the loan was  
a bona fide business transaction.

The T. H. I. & E. later was thrown  
into receivership in the state courts  
through proceedings brought by the  
Consolidated Collieries Company, in  
seeking to collect a coal bill of 4,000.

## Two Killed In Refinery Blast

### THIRD MAN SEVERELY BURNED EXPLOSION AT CHICAGO

CHICAGO, April 30 (UP)—Two  
men were killed today in a fire caused  
by an unexplained explosion in the  
refinery of the Dabrol Oil Products  
corporation.

Six employees were in the refinery  
building when the explosion occurred.  
The bodies of two, believed to be  
James Fleming and Wallace Kitch, a  
chemist, were found after the blaze  
burned itself out. A third man, Jer-  
ome K. Sukis, was severely burned.  
The other three escaped with minor  
injuries.

Firemen made no attempt to extin-  
guish the flames, which caused dam-  
age estimated at \$100,000, fearing to  
spread the fire to nearby oil storage  
tanks by throwing water into the  
building.

tional Bank which is sponsoring the

### LADOGA ATHLETE STARTS BUMMING TRIP TO EUROPE

CRAWFORDSVILLE, Ind., April  
30.—Lee Bolling, 19-year-old Ladoga  
high school graduate, has started on  
a hike to Germany where he expects  
to arrive in time to see the Passion  
Play.

Bolling, a member of this year's  
graduating class and a basketball  
player of note in Montgomery county  
during the last two seasons, will  
hike across the country to New York  
where he will board a cattle boat  
for Europe and work his way across.

He expects to make the journey to  
Germany and return in time to en-  
ter Butler university next fall. He left  
for Indianapolis this week from where  
he will start his eastern hike.

## Big Gain Shown At Bloomington

### CENSUS REPORTS MARK 6,619 INCREASE SINCE CHECK IN 1920

BLOOMINGTON, Ind., April 30—  
According to a message received from  
Logan Winter of Bicknell, supervisor  
of the census for the second district,  
Bloomington's population is placed  
officially at 18,214.

The county in 1920 was 11,595, show-  
ing a gain in the ten-year period of  
6,619. The official figures show that  
Bloomington is now the largest city in  
the Second congressional district,  
Vincennes being second with 17,532.  
Ten years ago Vincennes was a few  
thousand ahead of Bloomington.

The remarkable growth of this  
city bears out assertions made by the  
bureau of business research of Indiana  
university several months ago that  
Bloomington's rate of growth is not  
exceeded by any other city of the  
state and is only equalled by that of  
Gary.

## Candidates Are Increasing Efforts

### ELECTION LESS THAN WEEK AWAY. QUALIFICATIONS OF VOTERS GIVEN

With the primary election less  
than a week away Putnam County  
candidates and political workers in-  
creased their activities today. Sever-  
al candidates are contesting for prac-  
tically every office, on both tickets.

Probably the greatest interest at-  
taches to the sheriff's race where  
eight Democrats and three Republi-  
cans are seeking the office. This race  
has developed into a guessing con-  
test. Great interest is also being taken  
in the race for clerk and auditor.

Many persons have inquired con-  
cerning their qualification to vote in  
the primary. A legally qualified voter  
of any precinct is any person who  
will be 21 years of age before the  
general election this fall and who is  
on the day of the primary a bona fide  
resident of such precinct, and who  
has not, upon conviction of any felo-  
ny or misdemeanor, been disfran-  
chised.

## STIMSON TO GIVE TREATY TO HOOVER

### PRESIDENT WILL SUBMIT PACT TO SENATE IN NEAR FUTURE

#### CRITICS RAP CONFERENCE

Considerable Opposition To Ratifica-  
tion Of London Naval Treaty  
Expected In Senate.

WASHINGTON, April 30 (UP)—  
President Hoover planned today to  
receive the London Naval Treaty from  
Secretary of State Stimson who led  
the American delegation at the con-  
ference.

Within two or three days, Mr. Hoo-  
ver will submit the treaty to the sen-  
ate. Ratification, after what one of  
its critics described as a "debunking  
debate," is conceded.

One critic explained the so-called  
"debunking debate" would reveal the  
London conference had accomplished  
less than was claimed for it by the  
administration.

Whether ratification will be con-  
ditional upon formal reservations or  
on a committee interpretation is not  
known. One or the other appeared  
likely today.

Stimson, secretary of navy Adams  
and Senator Robinson, Dem., Ark., ar-  
rived here yesterday. Ambassador  
Morrow came down from his New  
Jersey home today. They and their  
advisors and assistant secretaries  
Cotton and Jahncke of the state and  
navy departments, respectively, were  
summoned to the White House for a  
noon conference and luncheon at 1:15  
p. m.

There were seven American dele-  
gates in London but Senator Reed,  
Rep., Pa., and Ambassadors Dawes  
and Gibson remained abroad. Reed is  
expected back in time to participate  
in the treaty debate in which he  
and Robinson, Democratic leader, will  
lead the fight for ratification.

Considerable opposition to the  
treaty is expected in the senate. In-  
fluential senators became annoyed  
when Mr. Hoover ignored a senate  
resolution offered by Senator Borah, Rep.,  
Idaho, suggesting naval reduction best  
could be obtained by first attempting  
codification of maritime law.

Mr. Hoover considered the sugges-  
tion impractical and instead began 15  
months ago the project which last  
week resulted in signature of a naval  
limitations agreement between Great  
Britain, Japan and the United States.

Borah, chairman Hale of the naval  
affairs committee, Senator Johnson,  
Rep., Senator Copeland, Dem., N. Y.;  
Senator Swanson, Dem., Va.; Senator  
McKellar, Dem., Tenn.; and others  
have been critical of the treaty to  
varying degrees. Hale expects to  
hold naval committee hearings, while  
Borah and his colleagues are engaged  
in a broader examination of the treaty.  
Chairman Britten, Rep., Ill., of the  
House Affairs committee, plans hear-  
ings also.

Robinson's unequivocal support lat-  
er to be reinforced by Reed and pos-  
sibly Morrow, if the latter enters the  
senate by appointment from New  
Jersey, probably will prevent some  
criticism which otherwise might be  
voiced on the floor.

The treaty abandons the American  
policy of building only large, heavily  
armed cruisers. Instead America will  
divide its tonnage between six and  
eight inch gun cruisers. It gives Ja-  
pan a greater proportionate strength  
in auxiliary vessels than that nation  
enjoyed in capital ships.

### PROBE ATTACK STORY

ANDERSON, Ind., Apr. 30 (UP)—  
Police today were investigating the  
story of a mysterious attack upon Mrs.  
Jane Vernon, 35, Indianapolis, while  
she lay in a hospital ward of the  
county jail at Anderson.

Mrs. Vernon was found unconscious  
in a ditch along the Newcastle-Pen-  
dleton pike, three miles west of Mar-  
kleville, yesterday, apparently thrown  
there from an auto.

She told Sheriff Frank Daniels a  
disconnected story of a quarrel with  
her husband, and having accepted a  
ride to Indianapolis with a stranger.  
Mrs. Vernon said she could remem-  
ber no further. The husband has not  
been located.

(UP)—A fisherman shot it out with

his catch here today. He killed them  
both and suffered mortal wounds him-  
self.

have been Andrew Curry. The other  
has not yet been identified.

The fisherman was Anton Anderson,  
giant waterfront character of Crock-  
ett.

### FALLS TO DEATH

CHICAGO, Apr. 30 (UP)—Mrs.  
Charles Wells, registered from Minn-  
neapolis, Minn., leaped or fell to her  
death from the 16th floor of the  
Palmer house here today. The body  
landed on the roof of a 7-story build-  
ing next to the hotel. Police could  
not learn the reason for the appar-  
ent suicide. The woman registered  
at the hotel 10 days ago.

### TWO FOUND GUILTY

SCOTTSBORO, Ala., Apr. 30 (UP)—  
A verdict of guilty was returned  
here today against Mrs. Myrtle Berry  
Graham, 29, and Miss Newby Motes,  
19, in the "wrong man" murder of  
Harry Cunningham, 21. Judge W. A.  
Hawkins immediately sentenced  
both to life imprisonment.

Neither displayed emotion when  
the verdict was announced. The jury  
had been out for almost 24 hours.

The defense offered at the trial  
was that Cunningham was mistaken  
for a youth who had responded to  
Mrs. Graham's flirtatious advances by  
slapping her.

Admittedly intoxicated, the two  
women pursued Cunningham and Mrs.  
Graham stabbed him.

### THE WEATHER

Mostly cloudy and somewhat threat-  
ening tonight and Thursday; possible  
showers northwest portion; not much  
change in temperature.

## TROOPS KEEP ORDER IN OHIO STATE PRISON

### NATIONAL GUARDSMEN PATROL PENITENTIARY, COL. HAUB- RICH IN CHARGE

#### UNPOPULAR GUARDS MISSING

Rebellious Prisoners Appear More  
Satisfied With Warden Thomas  
Not In Control.

COLUMBUS, O., Apr. 30 (UP)—  
A thousand national guardsmen, pre-  
pared for any emergency, maintained  
in Ohio State Penitentiary today the  
first real peace it has known since  
the disastrous fire.

Encamped in front of the prison  
while strong detachments patrolled  
the thickly-crowded cell blocks inside,  
the troopers appeared to have quieted  
for the time being, the 1,300 mutin-  
ous convicts whose pent-up resent-  
ment burst forth yesterday in a violent  
uprising.

Although the outburst resulted in  
the wounding of two convicts, the  
prisoners seemed to have won a partial  
victory in their rebellion against  
Warden Preston E. Thomas for al-  
though Thomas still was the nominal  
head of the penitentiary, all the orders  
came from Col. Robert Haubrich,  
of Fort Hayes, commanding the mil-  
itia.

The more unpopular guards were  
missing, and the convicts appeared  
pleased with their substitutes, the  
militia. Complete silence reigned in  
the interior of the penitentiary last  
night. More than 200 troopers were  
assigned to guard the cell blocks  
where the convicts launched yester-  
day's attack.

Col. Haubrich will face his first  
serious test when he attempts to carry  
out a plan to segregate the leaders  
of the mutiny and banish them to a  
barbed wire stockade.

The enclosure is 240 feet square,  
and once the ring leaders are placed  
inside a heavy guard will be thrown  
about them. Although the intentions  
of Col. Haubrich were not revealed,  
it was believed that he would start  
selecting

## Terrier Is Sea Veteran

GREAT LAKES SHIP MASCOT CONQUERS FALLING OVERBOARD HABIT.

TORONTO, Ont., April 30 (UP)—Five years of sailing the inland seas on the Great Lakes have given Toby, fox terrier owned by Captain William Tulloch of Kingston a real mariner's sea leg.

Since he first set sail from Montreal, where Captain Tulloch purchased him, Toby has got over the annoying habit of falling overboard, and sometimes into the ship's hold.

Toby's narrowest escape occurred a few years ago when his ship was passing through the Willard Canal. The fox terrier tumbled over the side just as another ship was passing, and went entirely under the other vessel, coming up to be fished out and continue his journey.

Unlike many sailors, Toby was "shipped over" on the Steamship Birchen, Captain Tulloch's craft, at the end of every voyage.

### TO PAY MORE TAXES

INDIANAPOLIS, April 30—Taxpayers of Indiana will contribute \$7,201,553 more for local and state taxes this year than last. This is shown in a statement issued by Harry Miesse, secretary of the Indiana Taxpayers' Association. The total taxes to be paid in Indiana this year is \$151,050,088, compared with tax receipts of \$143,848,535 in 1929. The increase in tax receipts of 1929 over 1928 was \$3,351,916, and the tax total for 1928 was \$8,357,235 more than was paid in 1927. Since the levies were fixed in 1926, for collection the following year, taxes in Indiana have increased \$18,910,704.

"In the face of such a showing," says Mr. Miesse, "it is not strange that the taxpayers of Indiana have become aroused to the seriousness of the situation and are preparing to demand relief. Our association is glad to be in a position to act for them but the greatest need is for the people to bestir themselves at the time budgets are prepared and levies planned for another year. They can keep down expenditures if they will. Twenty-four of Indiana's ninety-two counties will collect less in taxes this year than last and in nearly every one of these counties the Indiana Taxpayers' Association had an organization, or else worked through the farm federations.

These counties, together with the reductions they made are: Adams, \$15,184; Blackford, \$790; Boone, \$28,501; Clark, \$98,927; Decatur, \$4,225; Franklin, \$54,540; Fulton, \$199,888; Hendricks, \$5,323; Huntington, \$38,187; Jackson, \$7,047; Jay, \$57,364; Martin, \$3; Montgomery, \$55,167; Morgan, \$36,196; Owen, \$13,874; Parke, \$2,239; Perry, \$2,033; Randolph, \$51,643; Rush, \$24,192; Spencer, \$9,028; Sullivan, \$82,461; Warren, \$18,863; Warrick, \$24,781; Wells, \$40,660. The remaining sixty-eight counties will collect more taxes this year than last, ranging all the way from \$956 in Hancock county to \$1,451,976 in Marion county and \$1,301,429 in Lake county.

"The story would have been even more alarming for the taxpayers this year had not our association been active in its scrutiny of budgets and levies. We have constantly reiterated the provisions of the state taxing laws, whereby any ten taxpayers may appeal to the State Board of Tax

Commissioners if they felt that proposed expenditures are not justified. The disposition to use this provision of the laws is growing and 125 appeals were taken in connection with levies for this year. The state board made reductions in eighty-two appeals and in forty-three it made no changes. The reductions ordered by the state board amounted to \$3,269,091.59, that taxpayers will not have to pay. Our field secretaries, during their examination of budgets and before any of the budgets were adopted, made recommendations that brought about an additional saving to the people of \$3,265,596. These two items amount to \$7,195,687.59, which would have been paid in additional taxes this year had not the subject of taxation been considered of sufficient importance to command interest and attention. There is no way of telling how much money was saved by reason of the fact that many local officials feared to include unnecessary items in their budgets. We have reason to believe that additional millions would have been added to the tax bill in Indiana had not the law given the people the right of appeal and thereby convinced budget makers that economy was the best policy.

"The people ought to begin to think about next year's taxes now. There will be no election next year and that item can be saved. There are countless other expenditures where curtailment or elimination is possible and unless something is done in the direction of reductions, owing taxable property in Indiana will cease to be possible."

### Woman's Study Club

Meets Thursday

The Woman's Study Club will meet Thursday afternoon at 2:30 o'clock with Mrs. Roy Evans, east Seminary street. The regular program will be given.

A. A. U. W. Met Tuesday Evening

A. A. U. W. met at Mansfield hall Tuesday evening at 7:30 with the senior women as guests. The speaker of the evening was Professor Zink, who gave a most interesting informal talk on two topics that are engaging international attention at the present time: the problem of extra-territoriality in China, and a few of the problems of international law that recently came before the Institute of International Law held at Brincliffe Manor, New York, which Professor Zink attended, and even more recently before the conference to codify international law, held at the Hague. Of perhaps especial interest to this group was the information concerning the nationality of women as affected by marriage, and the rather complicated situations that have arisen in regard to it from the lack of codification of the laws of various countries.

After Professor Zink's talk and the brief discussion that followed, Miss Harlow, the president expressed to the senior women the organization of A. A. U. W., and called upon the chairman of study groups and committees to outline their work.

It was brought out by Miss Worth, the membership chairman that of the eighteen co-educational liberal arts colleges in Indiana, the alumnae of only six are eligible to full membership in A. A. U. W., while those of three others are eligible to associate membership. The fact that DePauw is one of the six is recognition of her high standing.

## U. S. SENATOR FELTON

from Georgia

*Modern  
to the last*

**M**RS. REBECCA FELTON of Georgia, was the only woman ever to hold a seat in the United States Senate.

Always young in spirit, she delighted in modern ways.

When few women went to college she was graduated with highest honors.

Her husband was sent to Congress. She

stumped the State in his campaign when other women shunned politics.

She managed her home, five children, a newspaper, three big cotton plantations and fought for better schools in the South.

Living to the age of 94, and modern to the last, she named a trust institution similar to ours as executor and trustee under her will.

**T**HE example of this able and far-sighted woman will surely be an encouragement to other women with property to leave, as well as to husbands, who wish to put the money they intend for the benefit of their families, in experienced hands.

When your wife fully realizes what this means to her, she will welcome our appointment as executor and trustee under your will.

### Detroit Bar Is For Sale

HENRY BREITENBECKER CLOSES PLACE WHERE POLICE CAME TO REST.

DETROIT, April 30, (UP)—No longer will Detroit notice from headquarters, two blocks away, drop in for a cold stein or a spot of scotch at Henry Breitenbecker's little saloon.

Henry, called the dean of Detroit saloon-keepers both because of his age, 71, and his 12 uninterrupted years as the proprietor of a speakeasy, has closed up shop.

A "for rent" sign hangs in the window of what was his blind pig, and patrolmen henceforth will have to find another place in which to sit down and rest.

Breitenbecker came to the end of his saloonkeeping days when he was hauled into federal court and fined \$1,500. His age saved him from a prison term.

"Yes, your honor," he testified, "I've been running a saloon since 1914. No, I didn't stop when prohibition came in. Once they arrested me but that was all. The police never did bother me. Of course, they knew I was running, and they used to drop in and sit around. No, I never paid for protection."

#### SO OLD IT IS NEWS

From the Banner, 1871

First Speech in College

Dr. A. Goodwin of the class of 1840 claims to have spoken the first speech in the auditorium of the old college. "In the summer of 1840, the trustees determined to complete the hall before commencement (held in September or October, then) and sent over to Bloomington for a lot of carpenters to finish it. Some of the men slept in the chapel. Of this, I had no knowledge. One night, I concluded I would go down and get off my speech and try my voice in the new school house. I crawled in at one of the windows and advanced to the front of the rostrum. It was pitch dark. I began: 'Fellow citizens,' when some one groaned. I was appalled. My hair stood up. However, I began again: 'Fellow citizens,' when the same horrid sound greeted my ears, uttered by the words: 'What are you put there?' 'I am about leaving' said I and I did."

#### Era of Prosperity

The Banner gives a statement of building activities in Greencastle during the twelve months ending Aug. 1871, which is astonishing. The gross amount of the list of items is slightly over one hundred and eighty-five thousand dollars. This sum was chiefly expended on privately owned structures with the exception of ten thousand dollars on the new East college. In the list of 1871 were twenty-six residences. Large items included were: Peck's livery stable, \$10,000; First National Bank, \$27,000; Lyon & Weik's store remodeling, \$6,000; the First Ward School building, \$50,

### GIFFORD OPTIMISTIC

INDIANAPOLIS, Apr. 30 (UP)—Business conditions throughout the nation will improve by the end of 1930, Walter S. Gifford, of New York City, president of the American Telephone and Telegraph Company, predicted while in Indianapolis a few days ago.

"Business has been flat," he said. "During the first three months of this year, conditions have been quiet, but have not become worse. Signs of slight improvement have appeared this month."

"I expect good business by the end of the year," he declared.

"Television is still in the laboratory stage," Gifford said, and it will be many years before its use will become general.

The problem is to make television simple and inexpensive," he explained. "The present apparatus would fill a large room. Transmission of big news events by the system will come, but only after further developments."

"At present the images are too small to be enlarged and color seems to destroy the definition."

Gifford said the A. T. & T. will

build a radio station on the Pacific coast to make phone connections with Hawaii, and Australia, as a part of its \$700,000,000 expansion program.

Laying of a phone cable, the first of its kind, across the Atlantic ocean is one of the company's largest projects, he said.

Gifford forecast reduced trans-Atlantic telephone rates within a few months.

VONCASTLE

Broadway Stage Hit Provides Norma Talmadge With Plot For First Talker—"New York Nights"

"New York Nights" the fast-paced

drama of Broadway backstage life, which will enliven the screen at the Voncastles today and Thursday, presents Norma Talmadge, star of some of the screen's foremost successes, in her first talking picture. Sponsored by Joseph M. Schenck and released by United Artists, the picture is based on the famous Broadway stage success, "Tin Pan Alley," written by Hugh Stanislaus Stange.

Enthusiastically heralded by the country's leading critics as one of the best examples of the new celluloid art, "New York Nights" unfolds a tale of the show people who help to characterize city life. The pivotal character is a young chorus girl, Jill, who is the sole support of Fred, her lovable but quite irresponsible song-writing husband. Fred parades Jill in his latest number. The song gives Privedi, a racketeer producer, an opportunity to win his way into Jill's favor. The girl repels him, however, but later, upon discovering Fred involved in a scandal with another girl, leaves her husband and encourages the racketeer's attentions.

Endless wild parties follow till one night the racketeer shoots a drunken gambler who has been over-attentive to Jill. At the courtroom Jill meets Fred, her husband, now but the wreck of his former self. She pities him, puts up his bail and plans to begin life with him anew.

Upon his release, the racketeer learns of what has happened. The action from this point on builds up to a terrific climax replete with surprises and strong situations.

Norma Talmadge as the hapless little chorus girl has one of the most colorful roles of her career. Her speaking voice, from all accounts, is rich with feeling and tonal color and gives added strength to a characterization pulsating with reality. Miss Talmadge is surrounded by a galaxy of stage and screen favorites including Gilbert Roland, John Wray, Lily Tashman, Mary Doran and Roscoe Karns.

Added to the bill will be another of Metro Colorphone Revues entitled "The Doll Shop" and a sound Traveltalk.

### GRANADA

"Three Live Ghosts" Now Showing At Granada

You're in for the laugh of your life when you frolic through London Town with "Three Live Ghosts", the rollicking play fellows who will live merry adventure at the Granada theater today and Thursday.

Taken from the sensational laugh hit of the same name which had Broadway holding its sides for several seasons, "Three Live Ghosts" is one of the most entertaining talking pictures to come out of Hollywood. You'll quake with laughter one minute and be held in a vice-like grip of suspense the next as the shell-shocked "Spooky" and his merry buddies return to Old England only to discover they are supposed to be "dead." It is not long, however, before all London learns that, if anything, the "ghosts" are very much alive. Matters reach a gripping climax when "Spooky" breaks into his own house, robs his wife's jewels and kidnaps his own son, having mistaken himself for someone else.

You'll purr with pleasure at the antics of these delightful characters as interpreted by a cast of stars including some of Broadway's greatest favorites. This United Artists' talking sensation is one picture you must see!

The cast includes Robert Montgomery, Beryl Mercer, Joan Bennett and many others of noted screen fame.

An all talking comedy "Crosby's Corner" and the Paramount First Run News with organ accompaniment will complete the Granada's Wednesday-Thursday program.

## The ball and bottle test

THIS simple test shows clearly that New Iso-Vis does not thin out or "break down" in the crankcase no matter how many miles you drive.

To motorists accustomed to find oil thin and diluted after a few hundred miles of driving, New Iso-Vis brings a new conception of motor oil quality.

It is important to realize that 90 percent of the "thinning out" in your crankcase takes place during the first 200 miles after changing your oil. By overcoming this thinning out Iso-Vis assures you of lubrication not only when your oil is fresh but right up until the time you change.

New Iso-Vis actually is as heavy, after a long period of use, as it was the day you put it in the crankcase.

Remember, too—it reduces carbon deposit far below most premium priced

You can get New Iso-Vis from any Standard Oil dealer or service station. Fill your crankcase today and enjoy more economical and efficient motor lubrication than you've ever had before.

### MARRIAGE AND FINANCES

INDIANAPOLIS, Apr. 30 (UP)—Marriage is a "fifty-fifty" proposition until financial matters are encountered, and then, Butler university coeds declared, it is all up to the men.

The college students were asked "Should a woman who is engaged to be married contribute to the support of her future home?"

The unanimous answer to that was it is proper for the prospective bride to contribute linens, tableware and other minor items, but the rest lies with the future husband.

"A girl preparing to be married has to have so many clothes that she has little money left to invest in a house," one coed said. "Everyone expects the bride-elect to be the best dressed person at the parties given for her."

Another suggested the question be changed to "how should a woman's friends contribute to the support of

the future home?"

"The bride-elect receives so many gifts at the innumerable showers in her honor that she has a fairly good start at furnishing the interior of the house before she's married," the same coed declared.

One suggested that the engaged couple establish a joint bank account for the establishment of a home, but her theory was drowned in a wave of cynicism.

"Suppose the engagement were broken. Do you think the bank account would be divided evenly? I wouldn't trust any man that far," was one retort to the suggestion.

"If a man really loves a woman he should be ambitious enough to give her a home and keep her in it. It always has been that way. And don't forget even coeds keep hope chests, was the opinion of one who soon will be a June bride.

### BACK SEAT DRIVERS

FRESNO, Calif., April 30 (UP)—After this when the back seat driver speaks up it is the better part of wisdom to listen.

Authority for this statement is no less than Leon Whitsell, state railroad commissioner, and a man who does on backing up his statements with statistics.

In a luncheon talk here, Whitsell said that in 60 per cent of all railroad crossing accidents in California, there was only one occupant of the car involved, and therefore no opportunity for a "back seat driver" to warn the real driver.

Whitsell said it merely boiled down to the fact that four eyes are better than two, and that frequently the oft-scorned "back seat driver" is responsible for preventing accidents.

### PROFESSORS TO GATHER

BLOOMINGTON, Apr. 30 (UP)—Economics and sociology professors from Hoosier institutions of higher learning will gather at Indiana university May 9 and 10, for the meeting of the Indiana association of Econ-

omists and sociologists.

The principal speaker will be Dr. Lionel D. Edie, former director of the Indiana university bureau of business research and now with the University of Chicago. His subject will be "The Bankers and Waves of Speculation."

Topics to be discussed are college economics, college sociology, farm relief through federal legislation, farm relief through conscious reorganization, the outlook for investment trusts and the problem of consumption.

### PLAN TO HONOR VON STEUBEN

BERLIN, April 30 (UP)—Arrangements are being made by the Carl Schurz Society to observe on Sept. 17, of this year, the 200th anniversary of the birth of General von Steuben. An honorary committee has been named with President von Hindenburg at its head.

Other members include Frederic M. Sackett, the American ambassador; Julius Curtius, foreign minister, and Paul Loebe, president of the Reichstag.

### FOSS OF PREHISTORIC

MONSTER FOUND IN RIVER

MT. VERNON, Ind., Apr. 30 (UP)—The skull of an animal of unknown classification, perhaps that of some prehistoric monster, was pulled from the Ohio river three miles above West Franklin by Earl Heistetter, West Franklin riverman.

The skull was discovered within a few yards of the spot where, a few years ago, rivermen found a queer-looking thigh bone, two and one-

half feet long, and a tooth, four inches thick at the base.

The skull, almost fossilized, weighs 38 pounds.

Two horns, protruding from the side of the head, and turning sharply upward at the tips, have a spread of 37 inches at their tips. At the base, each horn is about four and one-half inches in diameter.

The skull cap is eighteen inches across. Eye sockets protrude in a pronounced manner. The forehead and nasal bones extend downward eight inches to a point where they appear to have been broken off. Some believe that the bones, unbroken, would have formed a trunk.

### STATE FIRE REPORT

INDIANAPOLIS, Apr. 30 (UP)—Excessive valuation of properties by insurance companies' agents when preparing to issue insurance against fire was rapped again today by Alfred Hogston, state fire marshal, in issuing the record of the state fire department activities for the month of March.

"The arson division investigated 18 fires of suspicious origin, made additional investigations on three old cases, secured four confessions and filed five cases in court. Four arson cases were tried, one conviction secured, one case is still under advisement and there were two acquittals," Hogston said.

"The inspection division made 239 inspections in March; there were 124 compliances on orders, and 13 new orders issued.

"We find that the public in gen-
